

Social Ecological Research: Questions for Students

Please mark what option fits best for you! In some cases, more than one answer is possible.

I am a girl, a boy. I am ____ years old.

(1) I know about environment and climate protection...

| | | | | |
|------------------------------------|-------------------------------|-------------------------------------|-----------------------------------|---|
| <input type="checkbox"/> very well | <input type="checkbox"/> well | <input type="checkbox"/> moderately | <input type="checkbox"/> a little | <input type="checkbox"/> nothing at all |
|------------------------------------|-------------------------------|-------------------------------------|-----------------------------------|---|

(2) I know about the Kyoto Protocol...

| | | | | |
|------------------------------------|-------------------------------|-------------------------------------|-----------------------------------|---|
| <input type="checkbox"/> very well | <input type="checkbox"/> well | <input type="checkbox"/> moderately | <input type="checkbox"/> a little | <input type="checkbox"/> nothing at all |
|------------------------------------|-------------------------------|-------------------------------------|-----------------------------------|---|

(3) I know about sustainability...

| | | | | |
|------------------------------------|-------------------------------|-------------------------------------|-----------------------------------|---|
| <input type="checkbox"/> very well | <input type="checkbox"/> well | <input type="checkbox"/> moderately | <input type="checkbox"/> a little | <input type="checkbox"/> nothing at all |
|------------------------------------|-------------------------------|-------------------------------------|-----------------------------------|---|

(4) Which gases are responsible for the greenhouse effect?

| | | | | |
|-------------------------------|---|----------------------------------|---------------------------------|---------------------------------------|
| <input type="checkbox"/> CFCs | <input type="checkbox"/> carbon dioxide | <input type="checkbox"/> methane | <input type="checkbox"/> oxygen | <input type="checkbox"/> I don't know |
|-------------------------------|---|----------------------------------|---------------------------------|---------------------------------------|

(5) Which energies are renewable?

| | | | | |
|------------------------------------|------------------------------|-------------------------------|----------------------------------|---------------------------------------|
| <input type="checkbox"/> plutonium | <input type="checkbox"/> sun | <input type="checkbox"/> coal | <input type="checkbox"/> biomass | <input type="checkbox"/> I don't know |
|------------------------------------|------------------------------|-------------------------------|----------------------------------|---------------------------------------|

(6) Which occupations are connected with renewable energies?

| | | | |
|---|---------------------------------------|---|--|
| <input type="checkbox"/> solar technician | <input type="checkbox"/> chemist | <input type="checkbox"/> environmental engineer | <input type="checkbox"/> nuclear physicist |
| <input type="checkbox"/> energy adviser | <input type="checkbox"/> I don't know | | |

(7) What do you think about climate protection? Is it:

| | |
|---------------------------------------|---|
| <input type="checkbox"/> interesting? | <input type="checkbox"/> boring? |
| <input type="checkbox"/> important? | <input type="checkbox"/> not important? |
| <input type="checkbox"/> cool? | <input type="checkbox"/> not cool? |
| <input type="checkbox"/> other _____ | |

(8) What is especially important for you?

| | |
|---|--|
| <input type="checkbox"/> school | <input type="checkbox"/> environmental protection |
| <input type="checkbox"/> parents / family | <input type="checkbox"/> health |
| <input type="checkbox"/> culture (music, cinema, arts...) | <input type="checkbox"/> sports |
| <input type="checkbox"/> friendship | <input type="checkbox"/> my appearance and clothes |
| <input type="checkbox"/> my future | |
| <input type="checkbox"/> other _____ | |

(9) Where do you want things changed?

| | |
|--|--|
| <input type="checkbox"/> at home | <input type="checkbox"/> in industry |
| <input type="checkbox"/> in school | <input type="checkbox"/> in my neighbourhood |
| <input type="checkbox"/> in my future | <input type="checkbox"/> nowhere |
| <input type="checkbox"/> in environmental protection | |
| <input type="checkbox"/> in agriculture | |
| <input type="checkbox"/> other _____ | |

(10) What do you talk about with your friends?

| | |
|---|---|
| <input type="checkbox"/> school | <input type="checkbox"/> culture (music, cinema, arts...) |
| <input type="checkbox"/> nature and environment | <input type="checkbox"/> stars |
| <input type="checkbox"/> appearance and clothes | <input type="checkbox"/> my future |
| <input type="checkbox"/> other _____ | |

Social Ecological Research: Opportunities for participation in Climate Protection

I am a girl, a boy. I am ____ years old.

Earth gets warmer and warmer. The main reason for this is the exhaust fumes of power plants, cars, heating or stoves. The sunlight enters the atmosphere and the greenhouse gasses in the atmosphere reduce the amount of energy that is emitted into outer space. Thus the atmosphere gets warmer. As a result, the climate changes and with it, the weather changes, too. The deserts extent, the number of hurricanes and typhoons and the sea level rise.

Which opportunities to protect the climate do you know? Name them and mark who can do this:

| What be done to protect the climate? | I do it on my own | I do it with others | I want to do it | Others should do it |
|--------------------------------------|-------------------|---------------------|-----------------|---------------------|
| | | | | |
| | | | | |
| | | | | |
| | | | | |
| | | | | |
| | | | | |
| | | | | |

Imagine your class wants to do something to protect the climate in your school. What could you do together?

How would you start your activity?

Thank you very much for your help!
